PUBLIC COMMENTS

Question about animal shelter- in the general fund

Roy Livingston-what happened tonight-budget was set last meeting

Jim Dabbondanza-what is the tax amount for the employee's raise-office holders absorbed the cost within their own budget, no additional funds needed.

Steve Chambers- hearing the people talk about the school board, less than 2 months after taken office I voted to give \$250,000.00 for a new animal shelter if I could I would take the vote back, to think you put animals before the children, I apology for voting for the animal shelter. No one shows up when the electric department raises taxes.

Motion by Tom Bowers 2nd by Lawrence Hodge to adjourn, all ayes, motion carried

Respectfully submitted,
Lynda Vaughn

Approved for file, Harry Sisk, Chairman
